Dear Parents/Guardians,

Our school has been moved to the Restricted Level (Orange) under Manitoba's Pandemic Response System (PRS). The school is working closely with Public Health to ensure that all safety measures are followed.

To ensure continuity of learning while we are under the Restricted Level (Orange), we are offering temporary remote learning for students who can be supported by learning at home. In-class learning will also continue to be provided at school.

This temporary remote learning option is available beginning **Thursday, November 5** until **to be determined**. If you select this option, please review the standards listed below. Your child(ren) will need support at home if you select this option. If you decide to choose remote learning option your family can choose to keep your children home beginning Monday, November 2nd. Your child's classroom teacher will be contact with you on Monday to provide your child's independent work.

Real-time online instruction

- Real-time online instruction will be provided for 5–6 hours per week for students in Grades 1–4.
- Kindergarten teachers will connect with each student, along with parents/caregivers, a minimum of once per week to facilitate connection and provide support and play-based learning ideas. Kindergarten students will not receive real-time online instruction.

Independent work:

- Grades 1–4: Two and a half hours per day
- Kindergarten students should engage in independent work and play to complete the weekly activities.

There will be more specific details (classroom specific) provided on Monday, November 2nd.

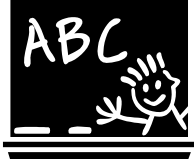

We are asking every student to complete the attached survey. Please fill out the survey below by and return to the school by **Tuesday, November 3rd, 2020**. You can also complete the attached survey, scan or take a picture an email the school at aandries@flbsd.mb.ca.

Whether in person or online, we are here to support you. Our school is safe. We will continue to work with public health officials to ensure all necessary health measures are in place. We care about your safety and well-being and your child(ren)'s education. Thank you for your understanding and support.

Thank you for your help and please contact the school if you any questions.

Brad Hayward
